

Dear members,

It is my great privilege and honour to have been re-elected as the President of Hong Kong Institute of Value Management Limited (HKIVM) for the year 2017. I will continuously co-operate with our council members and dedicate my energy to pursue the visions and missions of HKIVM.

In this year, the Council will review and establish our own formal VM training course and assessment to suit the local VM practices. This review can ensure the qualification of VM facilitators in the industry and pursue the best value for our clients. It is hoped that the review can establish a simplified entrance course (Part 1) to attract more people to become member of HKIVM. Moreover, it is also hoped that the review can also establish a professional VM facilitation course (Part 2) for VM enthusiasts and practitioners to become qualified HKIVM facilitators.

To promote our Institute, we are also going to arrange a series of VM seminars in 2017 jointly with the Hong Kong Institute of Surveyors and the Hong Kong Institute of Construction Managers. All HKIVM members are welcome to join these seminars and learn the new development of VM.

We wish that these seminars could provide a platform for our members to enhance our professional VM experience, and give opportunities to attract more people who have the motivation to adopt logical VM in their decision making process to become our new members /associate members.

Our new council has already been formed and undoubtedly all of the members in the new organization are committed and will make the best endeavour to do well in coming year for the Institute. Finally, I would like to thank to the efforts of all the council, co-opted members especially Sr. K C Tang and the Past President Dr. Mei Yung in taking up and giving valuable advices to the specific tasks in this year. We look forward to have a better performance of HKIVM in the coming year.

HONG KONG INSTITUTE OF
VALUE MANAGEMENT
香港價值管理學會

Best Regards,

Paco Tsang

President of Hong Kong Institute of Value Management limited

1 March 2017
